We are excited to announce that we will be opening a Montessori School for children ages 19 months to 6 years in September 2020. Located at Wing Kei Village, the Montessori School is the first step in building an intergenerational centre where children, seniors, and staff will interact and learn from one another. Just as we have been privileged to journey with people in their senior years, we are equally privileged to begin caring for children, supporting them to be confident, empathetic, and creative. For Wing Kei, expanding to offer a Montessori School program for children is an extension of our desire to serve the community, in God's name.
