

WING KEI

Family update #71

January 13, 2021

Dear family and friends,

Outbreak Update

We are thankful that the test results we have received so far for Crescent Heights 3F residents are all negative. Our current status remains unchanged as follows:

	Crescent Heights (145 residents)	Greenview Long Term Care (80 residents)	Greenview Supportive Living (95 residents)
Number of new cases as of January 13, 2021	Residents—0 Staff—0	Residents—0 Staff—0	Residents—0 Staff—0
Cumulative total since January 7, 2021	Residents—0 Staff—2	Residents—0 Staff—0	Residents—0 Staff—0

Note: The above table indicates the current outbreak on the 3rd floor of Crescent Heights. The outbreak on the 5th floor of Crescent Heights was declared on December 18th, 2020 and cleared on January 6th, 2021.

COVID-19 Vaccination

Greenview residents are doing well after receiving the vaccination yesterday. There are no concerns so far. Crescent Heights residents will be receiving the vaccination today.

We are grateful that many of our staff have either received or planned to receive the vaccination in the coming weeks, which will further protect our residents and each other. Dr. Mah, our Medical Director, will explain more about the vaccination at the Family Town Hall this evening. We will also show a video clip of our residents receiving the vaccination. Please email selinacheng@wingkei.org for the Zoom link if you're interested to join the meeting at 5.30 pm this evening.

Thank you for keeping Wing Kei in your prayers.

*Show me your ways, Lord,
teach me your paths.
Guide me in your truth and teach me,
for you are God my Savior,
and my hope is in you all day long.
~ Psalms 25:4-5*
