Alberta Health Continuing Care Review - For Residents and Family Members

Alberta Health is undertaking a review to identify opportunities for changing and improving facility-based designated supportive living and long-term care centres to identify ways to:

- Improve the lives of continuing care residents and their families
- Better support staff and operators
- Consider how best to prevent and manage transmittable illnesses that affect residents

Alberta Health has contracted a third-party consultant, MNP, to undertake the review. As part of their process, they would like to hear from residents and family members through a survey, which you can find at: <https://www.mnp.ca/en/consulting/facility-based-continuing-care-review-surveys>. The survey is expected to close January 29, 2021.

Please do take a few minutes to fill out the survey. It will help Alberta Health to better understand and learn from your experiences. To provide a comprehensive perspective to Alberta Health, please consider both the experiences you have had *during* the pandemic and *before* the pandemic began. If you have any questions or concerns about the review or the planned engagement activities, please email FBCCRewiew@gov.ab.ca.

Thank you for your ongoing support and prayers.

I keep my eyes always on the Lord.

With him at my right hand, I will not be shaken.

Therefore my heart is glad and my tongue rejoices;

my body also will rest secure,

~ Psalm 16:8-9
